Christmas Ornaments
Please Note:

Designs only come in the sizes/items pictured. Not all designs are available in all configurations.

Due to fluctuations in kiln temperatures, and the nature of the glazes we use, colors may not be as shown in the catalog, and may vary.

All switchplates come with nylon screws. Use caution when installing. Do not overtighten. If necessary, the screws can be shortened by cutting with scissors. All clocks come with a battery-operated mechanism. They require one AA battery to operate.

Photographs are not to scale.
